## Now in Calgary - Special Offer

We are excited to announce the opening of our operation in Calgary, Alberta. We did this in response of a request and sponsorship of one of our BC clients that we have worked with successfully for over 3 years. We are operating successfully and looking to grow.

As an introduction to our expanded services, Bullseye is making a **special offer available**: for the balance of 2013, all new clients will receive up to \$1000 off their first order in Calgary.

We offer a wide range of variety packing and display loading options. We are happy to provide you with a free quote for any projects you have in mind and can give you a guided tour of our new facility in Calgary to highlight our process, our people, and our focus on quality retail packs.

We are excited to share what we can do for you, [please contact us](#) to explore the opportunity to work with us.

## Perrier Fridge Pack

Supporting the launch of the new 30 can Perrier fridge packs in Western Canada has been a great success. We worked with some great people to ensure this product enters Western Canada as quickly and efficiently as possible.

The fridge pack is actually 3 cartons of 10 cans in a tray with clear shrink film. Each carton of 10 cans conveniently fits in your fridge for easy access to a refreshing and cold beverage.

We combine our carton filling skills with our shrink film bundling capabilities to bring this pack format to market. If you are looking to introduce a product to market and like what you see in this pack, [please contact us](#).

For more information on who we are and how we can efficiently support your co-packing, variety packing, and display loading needs, please [check out our website](#) at your convenience.
