## Bullseye Packaging is Celebrating 10 Years!

Bullseye Packaging is celebrating 10 years of providing co-packing services to Western Canada! This is an accomplishment that we are incredibly proud of achieving and are excited to share with you!

We would like to thank all our clients and vendors! These last 10 years would not have been possible without you! Thank you for allowing us to work closely with your teams in order to effectively meet your co-packing needs! This has allowed us to grow and develop our family company because of your continued support and input!

We are incredibly thankful for the last 10 years and we are excited for what lies ahead!

## We've Moved to a New Location!

We are proud to announce that our Calgary location has moved Facilities! Over the past few weeks our Calgary team has been hard at work moving to our new facility and as of November 15th our new Calgary location is operational!

This newer location has more than 8000 sq. feet of warehouse and office space and allows us to expand our operation in Calgary; supporting our clients with auto-glued cartons, display loading, and in the coming months **print registered bundle packs**. Until now print registered bundle packs have only been available in our Chilliwack plant. Now with a larger plant location we are able to provide this service in Calgary as well!

*If you would like to see our new location please [contact us](#) and we would love to be able to give you a tour of our new facility!*

**Unit #21 - 2355 52nd Ave S.E.  
Calgary, T2C 4X7**
